Company History

S.E.W.L Services and Repairs (Pty) Ltd was founded by Stefan Bester, an experienced field service technician with a strong background in compressor systems. With a vision to build something of his own and a passion for quality workmanship, Stefan established the company with limited capital and a small workshop.

Despite the early challenges, his determination and hands-on expertise laid the foundation for steady growth. Today, 18 years later, S.E.W.L Services and Repairs has evolved into a reputable name in the Air Compressors, Generators, Auto Electrical, and Electrical industries.

The company takes pride in meeting all industry standards and regulatory requirements. We place a strong emphasis on health and safety, ensuring that all projects are carried out with the utmost care and compliance. S.E.W.L is also a proudly BBBEE-registered business, committed to empowerment and transformation in the South African economy.

Driven by a mindset of continuous improvement and customer satisfaction, we remain focused on growing our footprint and achieving even greater success in the years to come.
